CyberPower

SX650G Battery Backup

Offers significant energy savings, battery backup and surge protection.

The CyberPower SX650G Battery Backup/UPS (uninterruptible power supply) system safeguards small office workstations, networking devices and home entertainment systems by providing battery power during power interruptions and surge protection. Data line protection is included for phone/network (RJ11). The HID-compliant USB enables connectivity. The SX650G has a capacity of 650 VA/375 Watts, eight outlets—four widely-spaced to accommodate large transformer plugs.

This UPS system is ENERGY STAR[®] qualified and utilizes GreenPower UPS[™] high-efficiency design to save on energy costs by reducing energy consumption and heat buildup.

A Three-Year Warranty ensures that this UPS has passed our highest quality standards in design, assembly, material or workmanship and further protection is offered by a \$100,000 Connected Equipment Guarantee.

Typical Applications

- Desktop Computers
- Personal Electronics

Features

- 650VA / 375W
- 8 Outlets / USB Port
- Standby Topology
- GreenPower UPS™
- ENERGY STAR® Qualified
- Full-time Surge Protection and Battery Backup
- RJ11 Protection (1-in / 2 Out)
- PowerPanel® Personal Edition
- 3-Year Warranty

SX650G Battery Backup Offers significant energy savings, battery backup and surge protection.
