

REPLACING BATTERIES IN REMOTE TEST BOX

WARNING

Do not touch the battery terminals with your fingers. The battery terminals are highly conductive and may cause a short circuit if touched.

REMOVE BATTERY

1. Turn the battery cover clockwise to remove the battery.

INSERT NEW BATTERY

1. Insert the battery into the battery compartment.
2. Turn the battery cover counter-clockwise to lock the battery in place.
3. Check the battery polarity (+ and -) to ensure correct insertion.
4. Close the battery cover.

USE THE BATTERY COVER

Always Use the Battery Cover

1. Always use the battery cover to protect the battery terminals.
2. Always use the battery cover to protect the battery terminals.
