

V-FIT® Arc-Flash Full-Body Harness

Unmatched Comfort and Flexibility:
The next generation of Arc-Flash Harness

Superior Comfort

Using a patented Racing Style connection, webbing is routed across the chest for a secure and comfortable fit—eliminating the need for bulky chest straps or cumbersome buckles.

Shoulder padding responds to your movement to conform to your body, eliminating pressure points and chafing.

Patented leg strap design keeps leg straps in place as webbing lays horizontally across the thighs, creating a more natural fit.

Flexibility

The Racing Style creates an athletic cut contouring the harness to the body and improving upper torso movement on the job.

Adjustability

Pull-down adjustment allows you to quickly and easily get the right fit that lasts throughout the work day.

Dedicated attachment point for Personal Fall Limiters allows for quick and easy attachment, and keeps your back D-ring free for other use.

Performance

MSA's new webbing blend allows for a softer and more flexible webbing that is ASTM-F887 rated.

With no exposed metal*, the harness can withstand some of the most harsh and corrosive environments.

* Tongue-buckle leg strap configurations will have no exposed metal from the waist up.

WE KNOW WHAT'S AT STAKE.

V-FIT Arc-Flash Full-Body Harness (PN 10252168)
with back D-ring and quick-connect buckle leg straps

V-FIT Arc-Flash Full-Body Harness (PN 10252101)
with back D-ring and tongue-buckle leg straps

V-FIT Arc-Flash Full-Body Harness (PN 10252206)
with back & hip D-rings and quick-connect buckle leg straps

V-FIT Arc-Flash Full-Body Harness (PN 10252202)
with back & hip D-rings and tongue-buckle leg straps
