

INSTALLATION INSTRUCTIONS

SHOE HOLDER

FEATURES

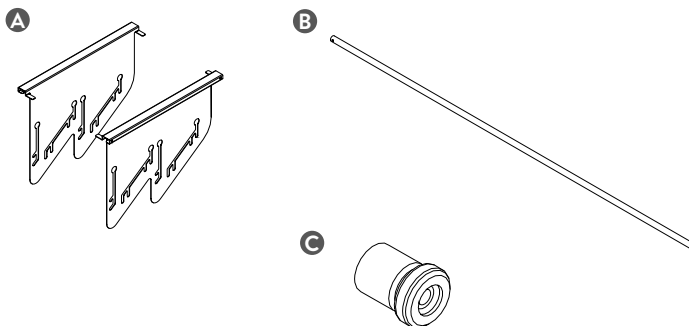

Shoe holder for removable frame.

PARTS

- A. Downrights
- B. Aluminum tubes
- C. End Caps
- D. M4x20 Screws

MAINTENANCE

Clean with a soft, dry cloth. Avoid using solvents or abrasive.

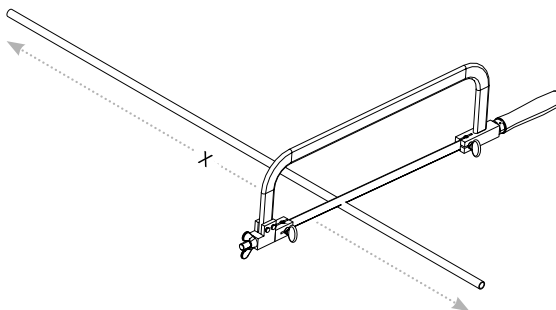

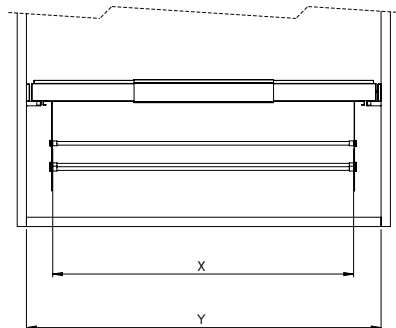

1

PARTS: (B) Aluminum Tubes

Cut the Aluminum Tubes (B) to the correct size. Follow the chart below to calculate the measurement for your Aluminum Tubes (B).

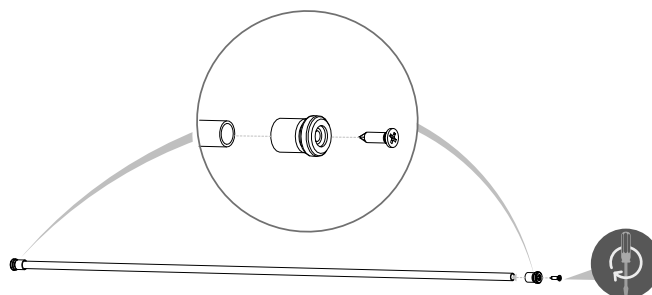

- WITHOUT SPACER: $X=Y - 76\text{mm}$
- WITH ONE SPACER: $X=Y - 101\text{mm}$
- WITH TWO SPACER: $X=Y - 126\text{mm}$

2

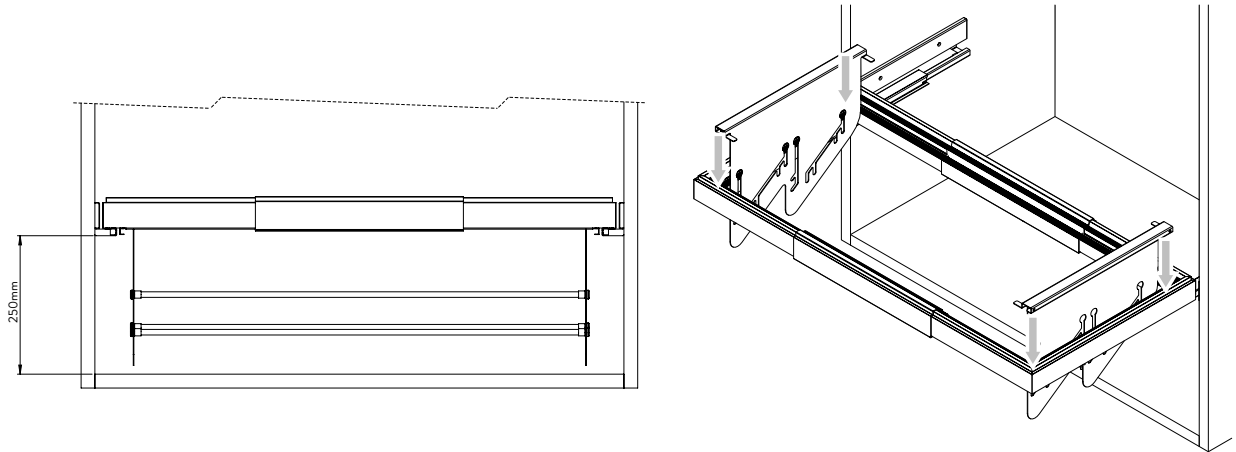

PARTS: (C) End Caps (D) M4x20 Screws

Insert the caps (C) into all the tubes and tighten the M4x20 Screws (D).

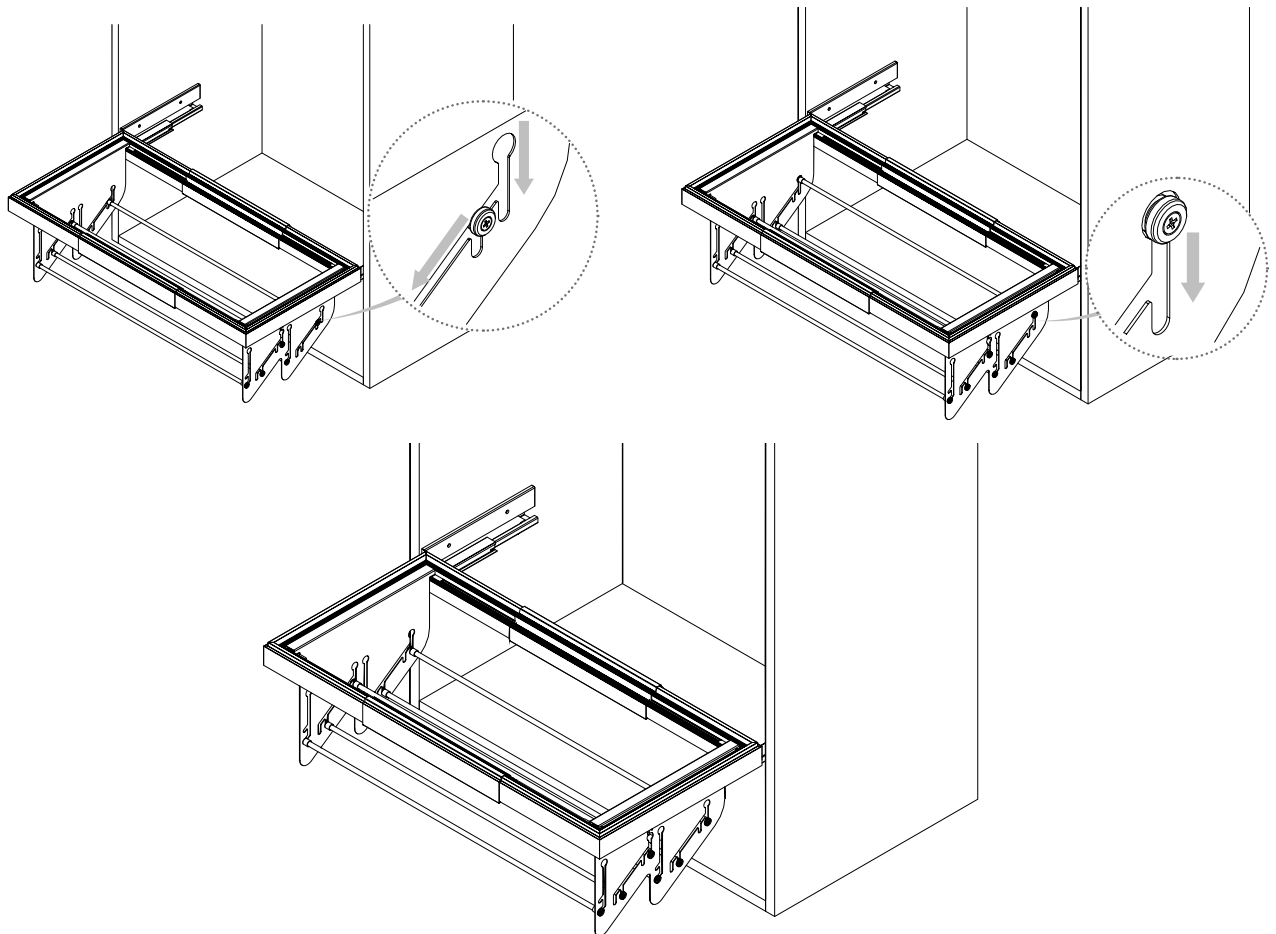

3

PARTS: (A) Downrights
Place the two Downrights (A) inside the frame.

4

PARTS: (B) Aluminum Tubes
Insert the assembled Aluminum Tubes (B) into the downrights.

INSTRUCCIONES DE INSTALACIÓN / LES INSTRUCTIONS D'INSTALLTION

ZAPATERO / RANGEMENT À CHAUSSURES

CARACTERÍSTICAS / CARACTERÍSTICAS
