

The ORIGINAL  
**LASH**<sup>®</sup>  
LEVEL ALIGN SPACE HOLD

# Tile Leveling System Project Pack

99741

- For use with various floor and wall tiles between 1/4" and 7/16" thick, such as porcelain, ceramic, marble and all-natural stone
- Produces 1/16" grout joints and may be used with traditional tile spacers up to 1/4"
- 100 clips and 100 wedges yield approximately 25 sq. ft. of coverage for 6" by 24" tile and 100 sq. ft. of coverage for 24" by 24" tile (square footage is always dependent on tile size)

**WORKS WITH CERAMIC, PORCELAIN, MARBLE, GRANITE, TRAVERTINE, SLATE AND OTHER LARGE FORMAT TILES**  
(Pro Installation Pliers sold separately)

PRODUCT INFO

Install tile faster and achieve professional results with the QEP<sup>®</sup> LASH<sup>®</sup> Tile Leveling System Project Pack. This pack includes 100 clips and 100 wedges that level, align, space and hold tile in place to prevent lippage, ensure a consistent finish and help correct tile bowing. The flat clips grant even grout lines and align neighboring tile of the same thickness for a level surface. The wedges hold the tile at an even height for lippage-free results.
