

WLR Lamp Ready Wrap

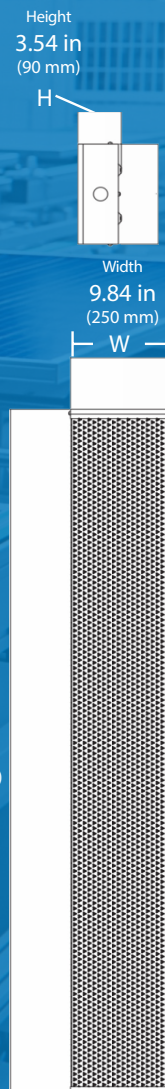

WLR

Lamp Ready Wrap

The WLR LED Lamp Ready Wrap is an energy-efficient alternative to traditional fluorescent Wrap fixtures. It offers the flexibility to install the desired wattage and color temperature LED T8 Type-B (ballast free) double end lamps to meet the needs of the application. Designed for surface mount installation, the WLR is perfect for retail, manufacturing, warehouse, office, education, low-bay, or general lighting applications.
