ROBERTS®

Pro Stair Tool

10-521-3

STRATEGIC FORCE
Built-in strike cap helps drive carpet into gullies when struck with a hammer

NON-SLIP
Co-molded grip with texture for comfort and to prevent slipping

RESILIENT
Chrome-plated steel construction adds strength and extends product life

PRO PREFERRED
4" wide tucker is optimally sized for faster carpet tucking

SETS CARPET INTO TACK STRIPS
Drives carpet into gullies, and creases carpet into stairway crevices and along wall lines

Scan here for PRODUCT INFORMATION

Designed primarily for stair tucking, the ROBERTS® 4" Pro Stair Tool can also be used to set carpet into tack strips, drive carpet into gullies and crease carpeting along wall lines. The carpet tucker features a chrome-plated steel construction and a slip-resistant handle. The soft rounded edges won't snag or damage carpet fibers.
