LSC2 Select

Selectable CCT & Output LED Linear Strip

Sleek, Versatile, & Efficient for Any Space!

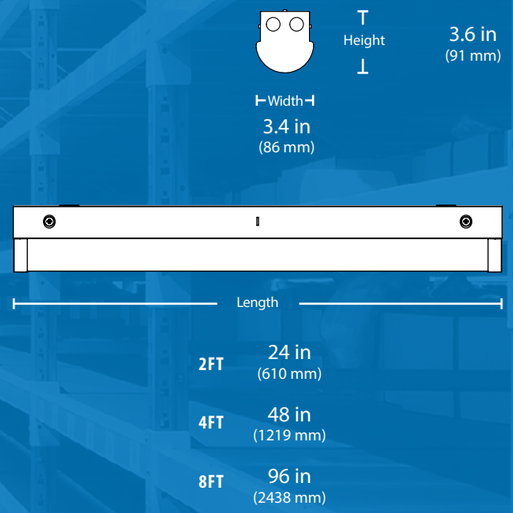

LSC2 Select

Selectable CCT & Output LED Linear Strip

The new LSC2 Select LED Linear Strip adds on to our tried-and-true linear strip with selectable CCT and light output options. This versatile fixture is easy to surface mount on both ceilings and walls and can accommodate continuous runs. The LSC2 features a semicircular, milky-white lens that offers a more polished aesthetic while eliminating hotspots, and is an economical, energy-efficient lighting alternative to single lamp fluorescent strips and some wraparound fixtures. For added flexibility and energy savings, the LSC2 is available with an optional microwave occupancy sensor, preinstalled emergency battery backup, or a combination of both. The LSC2 delivers optimal performance and long life in a slim design that's ideal for general ambient lighting in retail, warehouse, residential utility, and light commercial or industrial applications.

Dimensions

2FT	24 in (610 mm)
4FT	48 in (1219 mm)
8FT	96 in (2438 mm)

CERTIFIED · DAMP LOCATION RATED · 5 YEAR WARRANTY
