

DQR4MA-Select

4" Multi-Adjustable Recessed LED Downlight

DQR4MA-Select

4" Multi-Adjustable Recessed LED Downlight

The DQR4MA multi-adjustable series is a modern, square architectural solution for both new construction and retrofit lighting of residential, commercial, and retail spaces. This multi-adjustable downlight can be fully rotated (359°) and pivoted (±30°) making it a very flexible option for wall wash and sloped ceilings. For precise aiming, the DQR4MA is easily adjusted from below the ceiling. Selectable CCT via a switch on the driver, exceptional color rendering of greater than 90 CRI, and high efficacy make this luminaire an ideal choice for homes, showrooms, conference rooms, corridors and other commercial spaces.

Dimensions

FEATURES

Directional Lighting

Precision lighting with 30° tilt and 359° rotation

Dimmable

Dimming down to 10% with most dimmers.

Durable Construction

Diecast construction ensures lasting strength.

Easy Installation

Quickly install to any recessed housing with the quick-connect plug

Tension Clip Mounting

Installs directly into 4" recessed housings. Holds firmly in place with 3 reinforced clips

CCT Selectable

Choose a low color temperature for warm light, high for cool, or customize in between.
