APPLICATIONS

- 3/8" to 3/4" solid wood, engineered wood, and bamboo flooring
- 3/8" to 5/8" stranded or woven bamboo products

FASTENERS

- 41801: 1-1/4" L-Porta-Nails, 18 Ga (2000/pk)
- 41802: 1-1/2" L-Porta-Nails, 18 Ga (1200/pk)
- 41803: 1-3/4" L-Porta-Nails, 18 Ga (1200/pk)

The most impressive feature of the Portamatic Evolution is its unique ram design, which can be hit at any angle and will still nail with full power. This design also allows the Evolution to be used closer to the wall than traditional nailers. This nailer also features a removable power head for quick access to the valve and main piston, and a built in safety mechanism in the base of the tool. Using the Evolution reduces the risk of splitting exotic floors and dimpling engineered floors.

Mallet Included.
