

TAC Select

SELECTABLE ARCHITECTURAL LED TROFFER

NICOR®

TACS3

Selectable Architectural LED Troffer

The TACS Select Architectural LED Troffer is an economical lighting solution for commercial, educational, medical, and retail applications where general-purpose ambient lighting is required. With its contemporary center lens design, TACS provides a soft natural glow and even illumination that minimizes glare. The CCT Selectable design allows for easy adjustment to 3500K, 4000K, or 5000K and selectable wattage allows the ability to tailor the brightness to the space. Available in 2x2, or 2x4 configurations, the TACS is an easy-to-install upgrade from linear fluorescent lighting to a long-lasting, energy-efficient LED solution.

Dimensions

FEATURES

Light Uniformity

No visible diodes, hot-spots, or shadows providing high uniformity and reduced glare

Selectable CCT

External switch allows easy CCT Selection: 3500K, 4000K, or 5000K

Selectable Wattage

External switch allows easy Wattage Selection:
2'x2': 20W/30W/40W
2'x4': 30W/40W/50W

CRI
>80

Lumens
2403-6569

Lifetime
>54,000 hrs

Beam Angle
107.5°-118.7°

Mounting Holes

Attached grid clip with wire-tie holes provided for seismic wire

Safe Handling

Smooth formed sides for safe handling

Fast Installation

Features an integral driver for easy installation
