

## DESIGN LOAD REPORT

**Part Description:** P2788 (Hinged Beam Clamp)

**Report Date:** August 9, 2022

Part No.	Beam Flange Width	Design Load (lbs)
P2788-06	4"-6"	1,500
P2788-08	6 1/2"-8"	1,500
P2788-10	8 1/8"-10"	1,500
P2788-12	10 1/8"-12"	1,500

### NOTES

1. Design loads only apply to Unistrut brand products. Look for "UNISTRUT" on the part.
2. Use in pairs only.
3. Safety factor = 2.5 based on ultimate strength of connection.
4. For Slopes up to 18°.
5. For use with beam flanges up to 7/8" thick, flange widths from 4" - 12".
