

LED Integrated T8 Tube Limited Warranty

Nela Park
1975 Noble Road
East Cleveland, OH 44112
USA

Applies to Current LED Integrated T8 Tubes purchased directly from Current between August 1, 2016 and the date on which this Limited Warranty document is later superseded.

Current Lighting Solutions, LLC d/b/a GE Current, a Daintree company ("Current"), is pleased to provide the following limited warranty covering the Current UL Type A TS LED Tubes listed below, when purchased directly from Current from August 1, 2016 until this Limited Warranty document is later superseded. Current warrants that the below-referenced LED tubes (each a "Product") comply with Current's published specifications and are free from defects in materials and workmanship for the period of time set forth below.

Remedy: If a Product fails due to defects in materials or workmanship within five (5) years, after date of purchase, then Current will provide a credit to the direct purchaser ("Purchaser") equal to the current price Current charges Purchaser for the LED tube. This warranty is based on 4400 annual operating hours and applies only to Current tubes that are operated on fluorescent ballasts identified in the Current Product Installation Guide and that have been properly wired and installed; and operated within the electrical values shown on the ballast label.

Terms & Conditions: The foregoing LED tube warranty applies only to direct purchases from Current, and to tubes operated in lighting equipment designed and approved for the application and in environmental conditions (temperature, humidity and air movement) within the normal specified operating range of the system, but does not apply to failures caused by acts of God or as a result of any improper storage or installation, abuse, misuse, abnormal use, or use in violation of any applicable recommendations of Current or any standard, code or instructions for use in installations, including, but not limited to, those contained in the National Electrical Code, the Standards for Safety of Underwriters Laboratory, Inc., Standards for the International Electrotechnical Commission, Standards for the American National Standards Institute or, in Canada, the Canadian Standards Association. **Current reserves and has the right to examine failed tubes and/or drivers to determine the cause of failure and patterns of usage.** The date of purchase and tube installation date must be verified to validate the elapsed operating hours if a warranty claim is made. If tube life is not properly validated, the tube date code will be used to establish elapsed burning time based on estimated usage. Any replacement Product will be comparable in function, but may not be identical to the original. The replacement Product is warranted for the remainder of the original warranty period. Current is not responsible for any labor or other costs associated with removal or reinstallation.

THE FOREGOING WARRANTY CONSTITUTES THE SOLE AND EXCLUSIVE REMEDY OF PURCHASER AND THE SOLE LIABILITY OF CURRENT FOR CLAIMS BASED ON DEFECT IN OR FAILURE OF PRODUCTS, WHETHER THE CLAIM IS IN CONTRACT, INDEMNITY, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE. THESE WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, IMPLIED OR STATUTORY. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IS TO BE IMPLIED. IN NO EVENT SHALL CURRENT BE LIABLE FOR ANY OTHER COSTS OR DAMAGES INCLUDING LOST PROFITS, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES.

To Make a Warranty Claim: To make a warranty claim, retain the failed products and notify your Current sales representative in writing within thirty (30) days of the failure. This warranty extends only to Purchaser. However, Current will honor, under the terms of this Limited Warranty, valid warranty claims made by Purchaser for the remedy set forth above as a result of warranty claims made to Purchaser by its customers and indirect customers.
