Double Cylinder Bullet

Product Description

The NICOR 100-Watt outdoor Double-Cylinder Flood Light features two fully adjustable heads, independently directing light where it's needed. The surface mount security light is the perfect solution for lighting those dark, hard to see areas. The 100-Watt flood light is bright enough to light up areas to provide safety, security, and general area lighting at night in both residential and commercial settings. The weather resistant powder coated aluminum ensures a dependable, long lasting life span. This 100-Watt Double Cylinder Flood Light is available in Black, Bronze, and White. It's Wet-Location rated for outdoor use and does not require tools for changing the bulbs. Protected by NICOR's 1 Year Limited Warranty. Requires two 50-Watt Bulbs, not included.

Requires two 50W PAR20 lamps.
