

2023 BORDINI BARBARESCO DOCG

WINERY

The Cogno family has been making wine in the Langhe area of Piedmont for four generations. The values of history and traditions handed down by father Elvio are enhanced by the freshness and innovation introduced by his daughter Nadia and her husband Valter Fissore.

WINE

Cogno's production range is rounded off by this great expression of the Nebbiolo grape. Like the other wines, this Barbaresco is elegant and structured, with a fiercely independent character. This isn't a Barbaresco that wants to mimic its cousin Barolo, but a wine that demands respect for its full, strong identity, from vineyard to cellar. This is the wager of a Barolo producer going against the stream, grabbing the chance to come to terms with a historical wine, a supreme expression of the Langhe hills.

VINEYARDS

The vineyard spans 2 hectares and is located in the Neive commune, specifically in the Bordini MGA. The Nebbiolo plot is positioned with a southern exposure, which is ideal for maximum sunlight. Additionally, the vineyard is situated at an elevation of 250 meters above sea level.

VINTAGE NOTES

The 2023 season began with continued dry conditions, but regular rainfall from late April restored balance and supported vine development. Cooler, unsettled weather lasted through early July, followed by a warm, stable second half of summer. Favorable conditions in September helped the grapes achieve optimal phenolic ripeness and an excellent overall growing season.

WINEMAKING

Vinification in stainless steel, temperature-controlled, automatic pumping-over, post-fermentation maceration for 20 days with submerged cap. Aging for 14 months in Slavonian oak barrels.

TASTING NOTES

The Barbaresco Bordini 2023 reveals a broad and multifaceted bouquet in which floral notes of violet and rose blend with sweet spices, pepper and Mediterranean herbs. It is a full, generous wine that unfolds harmoniously without ever feeling heavy. Savory and mineral sensations accompany the palate, while the tannins—perfectly integrated and round in texture—support the structure with balance and finesse.

VINEYARD

Region:	Piedmont
Appellation:	Barbaresco DOCG
Soil:	Calcareous-clay
Age/Exposure:	44 years old South exposure
Vine Density:	4,000 vines/hectare (1,600 vines/acre)
Plot Size:	2 hectare/ 4.94 acres
Eco-Practices:	Sustainable

WINEMAKING

Varietals:	100% Nebbiolo
Aging:	In large Slavonian oak barrels for 14 months

TECHNICAL DETAILS

Yeast:	Indigenous
Alcohol:	14%
RS:	0.61 g/L
TA:	5.85 g/L
