Surface-Mount LED Downlight

RCD

Low Profile Surface Mount LED Downlight

The RCD Selectable is a Low Profile Surface Mount Downlight, a sleek and low-profile lighting solution meticulously crafted for seamless integration into the most confined spaces. Designed with a low profile, this downlight offers a thin installation profile, ensuring a discreet yet powerful lighting presence. Simplifying the installation process is our innovative twist lock diffuser, allowing for effortless removal during installation. The direct box mount guarantees a flush fit to the ceiling, delivering a polished and professional aesthetic. The versatility of this downlight is further enhanced by its CCT Selectable feature, offering a range of color temperatures (2700/3000/3500/4000/5000K) via switch, enabling you to customize the lighting ambiance to your preference. Economical and practical, each pack includes 24 units, making it an efficient choice for both residential and commercial lighting projects. Illuminate your space with the RCD Downlight, a perfect blend of functionality and style.
