NICOR'S NEWEST HIGH-PERFORMANCE LED HIGH-BAY

NICOR's latest high-performance HML LED high-bay is patent pending and ultra-efficient. Its compact design offers an impressive light output in 4000K and 5000K options. The DLC 5.1 Premium certified fixture offers a variety of wattage, sensor, and aisle distribution options. A Sensor Socket option allows for field installation of various lighting control accessories, creating unmatched versatility. The HML's durable single-piece cast-aluminum design includes integrated cooling features protected by a polyester powder coat finish. With standard features including 0-10V dimming, v-hook and chain mounts, and a 5-year limited warranty, the HML is the ideal high-performance high-bay solution.

100W | 130W | 150W
