

Rough Surfaces Single Suction Cup

75019

ERGONOMIC HANDLE

Comfortable, non-slip grip for better control and reduced hand fatigue

EASY-TO-USE

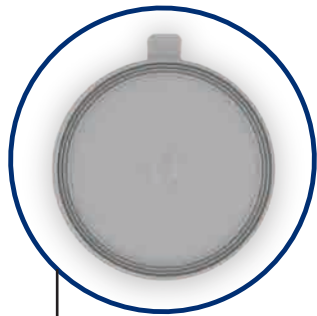

Single action grip and release

VERSATILE

4-3/8" Non-marring rubber pad for handling textured tile, glass, marble and granite

DESIGN

Concentric lip built into the rubber base, delivering improved sealing and reliable suction on rough or uneven surfaces

HOLDING POWER

The QEP® Xtreme™ 4-3/8" Single Rough Surfaces Suction Cup delivers secure hold on rough, textured surfaces with a simple one-hand grip and release. The stain-free 4-3/8" non-marring rubber pad is engineered to adhere to non-smooth materials—including textured tile, glass, marble, granite, and rough ceramic—using a flexible concentric-lip design that seals effectively on uneven surfaces.
