The QEP® Durable Comfort Knee Pads deliver superior, all day comfort for flooring, tile work, carpentry, and other tough jobs. Constructed with heavy duty closed cell foam, they provide reliable cushioning that won't puncture or leak like gel pads-ensuring long lasting protection on hard surfaces. The premium neoprene material offers a flexible, irritation free fit and is fully washable for easy cleaning. A durable, non marring outer shell protects both your knees and the surfaces by minimizing scratches and scuffs, while the front hook and loop closure allows quick, effortless adjustment.
