

## INFINIUM® TORQUE

Infinium® Torque, premium plastic drinkware, is one hard working product that can go anywhere your guests do. It features a modern “twisted” shape for an upscale look, while easily stacking to minimize its storage footprint. And like all Infinium® products, it is made of 100% BPA-free Tritan™ copolyester, which is highly resistant to damage while providing glass-like clarity. Tough enough for outdoor use, and attractive enough for indoor services at the bar or table.
