

# 17550A

## 6" Recessed Cone Baffle Trim

### Product Description

NICOR's quality constructed 6-inch recessed cone baffle trims create a simple and attractive finished look for any room. It's designed for PAR30 or BR30 light bulbs, rated up to 75-Watts (incandescent). The airtight seal helps protect electrical components while insulating spaces, keeping warm or cool air from escaping into the attic or rafters. The 17550A Series fits standard 6-inch recessed housings and produces a genuine, finished look without compromising the efficiency of the light source. Pair it with any of NICOR's 6-inch recessed housings for a perfect match, or with any existing 6-inch recessed housing.

#### Construction

- Cast aluminum housing
- Stainless steel torsion clips (v-springs)
- Meets ASTM E283 airtight requirements
- Available in Wet-Location models (WL)

#### Finish

- Available in matte powder coat finishes (black, white, oil-rubbed bronze)
- Available in brushed metallic finishes (nickel, bronze)

#### Mounting and Installation

- Includes two adjustable torsion spring clips (v-springs) to ensure secure fixture retention
- Easy installation into most 6-inch recessed housings
- Suitable for wet locations (WL models only)
- Compatible with BR30 and PAR30 sized lamps and smaller (lamps not included)
- For installations where power surge may be possible, NICOR recommends installing additional surge protection at the fixture or electrical distribution panel

#### Warranty

- 1-year limited system warranty standard
