POWERGRIP™

Knee Kicker

10-425

Scan here for PRODUCT INFORMATION

Developed with the professional carpet installer in mind, ROBERTS® NEW 10-425 PowerGrip™ Knee Kicker features a non-slip rubberized grip, 4 rows of pins and 3 nap grip strips for a secure hold, a 2" gelcore bumper to reduce impact to installer knees and a snap-in-place cover to protect pins when not in use. Easy to operate and maneuver, the handle quickly adjusts to 17.25" to 21.25" lengths, and the high-contour neck is compatible with use over stretcher heads and poles. Installer approved, the ROBERTS 10-425 PowerGrip Knee Kicker is rugged, reliable and ready to take on your next carpet installation project.

Supporting Professional Installers Since 1938. **robertsconsolidated.com**
