

James
BY SONANCE
NATURAL COLLECTION

NC10-SUB

SOLD AS EACH

The Natural Collection wood-crafted subwoofer from James by Sonance is designed to the space to match the The Natural Collection speaker offering. Available in all five designer wood finishes with nine fabric grille options to perfectly customize your design space. This 10" subwoofer can be wall mounted, upfiring under furniture, or placed on its side with an optional pedestal.

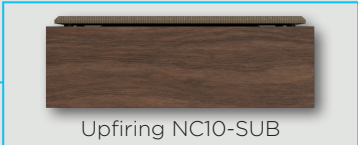

ONE SUBWOOFER, THREE PLACEMENTS, EVERY NATURAL COLLECTION FINISH

The NC10-SUB extends the Natural Collection line-up into the lowest octave without forcing the room to give up floor space. Wall-mount it with the NC3 or NC5QT, slide it under a console, upfiring, or stand it on its side on the optional pedestal.

FEATURES

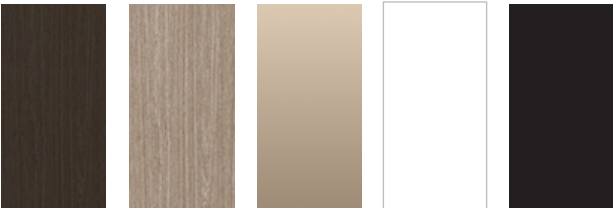

- 10" subwoofer voiced to anchor NC3 and NC5QT systems for TV audio and music
- Three placement modes: on-wall, upfiring, or upright
- NC10-SUB pedestal included
- Five cabinet finishes
- Nine fabric grille colors plus custom Designer Fabric Frame
- Pairs with any NC speaker
