4" and 5"/6" Recessed Downlight

IXD

4" and 5"/6" Recessed Downlight

The NICOR IXD Series 4" & 5"/6" LED Downlight is the latest recessed LED downlight designed for remodel and new construction housings. This integrated LED retrofit light is perfect for replacing outdated recessed trims and light bulbs with the latest energy-efficient LED fixture. The advanced driver-on-board (DOB) technology combines performance with energy efficiency in a true low-profile design. The IXD features selectable color temperatures at 2700K, 3000K, 3500K, 4000K, and 5000K with refined dimming functionality for customized lighting in any room. In terms of light quality, the IXD achieves a CRI of >90 with an R9 value of >50 for true color rendering. Designed for easy plug-and-play installation, the IXD is equipped with a quick-connect plug and medium-base (Edison) socket adapter for universal compatibility. No special wiring is required for the dimmer, and installation can be performed right out of the box; no additional parts are required. Available only in 12-packs. Backed by NICOR's 5-year limited warranty.

Dimensions

4-inch

6-inch
