

FEATURES	BENEFITS
<b>Visual Aesthetic &amp; Application</b>	<ul style="list-style-type: none"> <li>• The DQR Series is a modern architectural lighting solution for all commercial, retail, and institutional applications where high efficiency, low energy lighting is desired in places such as corridors, conference rooms, lobbies, and large offices.</li> <li>• Available in three convenient sizes: 3", 5" and 6" to fit most any application.</li> <li>• Greater than 90 CRI provides a full spectrum light source that offers superior color rendering. The blues are true blue, whites are whiter and reds are more vibrant.</li> </ul>
<b>High Performance LED technology</b>	<ul style="list-style-type: none"> <li>• Utilizes high performance LED technology.</li> <li>• Consistent performance and module-to-module accuracy is ensured with the use of specific and precisely binned LED's that have color tolerances that are tighter than the 3-step McAdams ellipse.</li> <li>• Boost energy efficiency with increased lumen output and decreased overall wattage consumption. Silent and flicker-free operation.</li> </ul>
<b>Increased ROI</b>	<ul style="list-style-type: none"> <li>• Save on operating and relamping costs with high luminaire efficacy.</li> <li>• Energy Star qualified product.</li> <li>• Additional control options provide greater reduction in operating and maintenance costs.</li> </ul>
<b>Environmentally Friendly</b>	<ul style="list-style-type: none"> <li>• Fixtures cool operation minimizes heat and eliminates UV radiation - reducing operating and maintenance costs.</li> </ul>
<b>Easy Installation</b>	<ul style="list-style-type: none"> <li>• The DQR Series is easily installed with a screw-in Edison base (GU24 socket string available) and friction clip mounting system.</li> </ul>
<b>Flexible Control</b>	<ul style="list-style-type: none"> <li>• Dimmable to 10% with most standard dimmers. Consider combining with occupancy sensors, daylighting controls and lighting relay panels to maximize energy savings.</li> </ul>
