

7-4004H / 7-7004H / 7-1004H

REINFORCED STEEL CORE HUB
Reduces flexing and wobbling for more accurate cuts

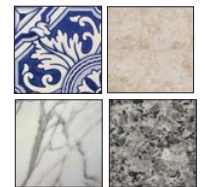

CONTINUOUS RIM
Provides smoother cuts with precision

EXCLUSIVE
Unique Hot Dog shaped laser cut outs keep blade cooler

PRODUCT #	DESCRIPTION	WET / DRY	ARBOR	RIM HEIGHT	BLADE WIDTH	MAX RPM	CASE QTY
7-4004H	HOT DOG 4"	Wet/Dry	7/8" & 5/8" - (22 mm & 16 mm)	7 mm	1.2 mm	15000	5
7-7004H	HOT DOG 7"	Wet	7/8" & 5/8" - (22 mm & 16 mm)	7 mm	1.2 mm	8730	5
7-1004H	HOT DOG 10"	Wet	1" & 5/8" - (25 mm & 16 mm)	7 mm	1.2 mm	6115	5

DESIGNED FOR CUTTING CERAMIC, PORCELAIN, MARBLE AND GRANITE

Introducing the Improved Hot Dog Diamond Blade – engineered for precision and durability. Featuring a reinforced steel core hub, this blade minimizes flexing, wobbling, and vibration, delivering exceptionally smooth and consistent cuts every time. Its signature hot dog-shaped cutouts disperse heat during wet cutting, keeping the blade cooler for superior performance and extended lifespan. Designed for versatile material compatibility, it cuts effortlessly through porcelain, ceramic, marble, and granite, making it a reliable choice for professionals.
