

Superbox

Create anything from elaborate installations to a simple display with the incredibly versatile Superbox system from APS® Germany. Stackable and non-slip boxes can be connected to industry-standard GN-sized trays or used individually. Flipping them over allows you to use them as either a flat surface or a basket. They also connect horizontally with "bridge" pieces to allow for integrated displays at any scale.

APS 11724

APS 11722

Features & Benefits

- Buffet boxes can be used as a basket or buffet stand to create beautiful displays
- Made of beautiful acacia wood
- Compatible with GN 1/1 Platform industry-standard sizes for extensive versatility with other APS products and your existing collections
- Casual, natural aesthetic lends itself to a relaxed, fresh market feel
- Flexible, interconnecting system provides virtually endless versatility
