

Conduit Solutions

Atkore is a leading manufacturer of the most extensive range of conduit solutions in the industry.

Atkore Conduit products are designed to meet the needs of electrical contractors, installers, and building professionals, providing reliable solutions for electrical wiring infrastructure.

Atkore manufactures the broadest range of electrical conduit in North America including steel, PVC, HDPE, fiberglass, flexible, and corrosion resistant. Used in indoor and outdoor electrical projects, Atkore conduit meets industry standards like the NEC and includes accessories for efficient installation. Emphasizing sustainability, Atkore promotes energy efficiency, waste reduction, and responsible material sourcing.
