

2025 MOSCATO D'ASTI DOCG

WINERY

The Cagno family has been making wine in the Langhe area of Piedmont for four generations. The values of history and traditions handed down by father Elvio are enhanced by the freshness and innovation introduced by his daughter Nadia and her husband Valter Fissore.

WINE

Moscato d'Asti is a charming and aromatic wine known for its sweet profile and vibrant character. The Moscato d'Asti by Cagno offers a clear and faithful interpretation of the grape, highlighting its typical aromatic profile. It shows a delicate balance of sweetness and freshness, with an intense aromatic bouquet that reflects the purity of the fruit.

VINEYARDS

The grapes, traditionally harvested, come from a 1-hectare vineyard. The vines, whose density is 4000 plants per hectare, are trained with Guyot system.

VINTAGE NOTES

The 2025 Barolo vintage progressed with balance and without major climatic extremes, resulting in wines of clarity, precision, and pure fruit expression without excess weight. Regular spring rainfall and a warm but measured summer allowed Nebbiolo to ripen slowly and evenly, while a slightly earlier harvest still followed the natural rhythm of each vineyard. Later sites such as Ravera ripened after the earlier crus, and the cooler end of September contributed to the vintage's refined, balanced character.

WINEMAKING

Soft pressing, clarification, fermentation with control of temperature at 59°F, with selected yeasts in slight pressing without malolactic fermentation.

TASTING NOTES

Brilliant straw-yellow in color, the Moscato d'Asti 2025 opens with a vibrant and expressive bouquet of Mediterranean herbs like sage and rosemary, delicately woven with white blossoms and bright citrus. The palate is juicy and generous, offering a satisfying sweetness and a long, lingering finish filled with ripe fruit.

VINEYARD

Region:	Piedmont
Appellation:	Moscato d'Asti DOCG
Soil:	Sandy
Vine Density:	4,000 vines/hectare (1,619 vines/acre)
Plot Size:	1 hectare/ 2.47 acres
Eco-Practices:	Sustainable

WINEMAKING

Varietals:	100% Moscato
Aging:	None

TECHNICAL DETAILS

Yeast:	Selected
Alcohol:	5.5%
