Every Contractor Deserves a Fast, Reliable & Trusted Lighting Partner
Why ProLine®

**Readily Available**

Tight project deadlines can now be met with our line of products specifically geared towards servicing contractor needs and exceeding requirements defined by builders and architects.

**Contractor Grade Products**

We selected products that met the fast-paced needs of our contractors without compromising on Current’s quality and safety standards.

**Trusted Performance**

Founded on a reputation of quality and excellence that dates back to Edison’s first electric lightbulb, Current builds upon an unsurpassed expertise and trusted performance.

*Please refer to the DLC QPL & Energy Star websites for the latest and most complete information.
