

FLAK jacket

Because \$#@% Happens

Introducing Flak Jacket, Radiate Textile's Performance Finish

We've all heard the horror stories. The new furniture arrives and... well you know, \$#@% happens. A spilled cup of coffee or wine, the wet dog jumps on your favorite new chair, or your 4-year-old decides the new sofa is the perfect canvas to channel her inner Picasso. With Flak Jacket, there is no need to worry about daily mishaps. Fabrics treated with this performance finish eliminate the stress of everyday living by providing multiple layers of protection. We believe your furniture should be easy to clean and always look the same as it did on day one.

- Soil & Stain Resistant
- Antimicrobial Finishes
- Enhanced Abrasion Performance
- Water Repellent
- Does Not Alter the Hand
- Easy-to-Clean

CLEANING INSTRUCTIONS

Blot liquids on surface with paper towel, brush or vacuum any loose soil. Spot clean with upholstery shampoo or foam from a mild detergent. Do not saturate with liquid. Pile fabrics may require brushing to restore appearance.
