# SMSC 7500 USB to Gigabit Ethernet

## Installation for Mac

### Install Guide

#### To install the driver:

1. Double-click the **ASIX\_AX88179.zip** or **ASIX\_MCS7830.zip** file.
2. Double-click the **Mac** folder.
3. Press and hold the **Control** key and click the **dmg** file.
4. To mount a drive on the desktop, click **Open**.
5. Double-click the drive that you just mounted on the desktop.
6. Press and hold the **Control** key and click the **setup** file.
7. Click **Open**.
8. Complete the instructions to install the device drivers, and restart your computer when prompted to.
9. After your computer restarts, connect the device to your computer.
