

TI USB Serial Adapter

Installation Guide

This guide contains installation instructions for the following operating systems:

1. [Windows](#)

TI USB Serial Adapter

Installation for Windows

Install Guide

To install the driver:

Before you install the device, make sure that your operating system is current (for example, the most recent service pack is installed).

1. Right-click the zip folder that you downloaded, click **Extract All**, and complete the instructions.
2. Press the **Windows** key + **R**, type **devmgmt.msc**, and press **Enter** to open the Device Manager.
3. Right-click **StarTech.com Adapter**, which will have a "!" or "?" next to it to indicate a driver issue.
4. Click **Update Driver**.
5. Click **Browse my computer for driver software**.
6. Select the **Let me pick from a list of device drivers on my computer** option.
7. On the **Select your device's type from the list below** screen, click **Show All Devices**, and click **Next**.

Note: The **Select your device's type from the list below** screen does not appear on all systems. If you do not see this screen, skip this step.

8. Select the **Have Disk** option.
9. Browse to the **Drivers** folder and open the **32-bit** or **64-bit** folder.

Note: To view your system type, click **Start**. Right-click **Computer**, and then click **Properties**.

10. Click the **usbuart3410** file. Click **OK**, and then click **Next**.

If the installation is not successful, repeat steps 3 to 10 and click the **usbuart3410b** file.
