AudioQuest Summit Dealer Landing Page

Summit Dealers are encouraged to create an informative AudioQuest brand landing page on their website, showcasing the features and benefits of Mythical Creatures products. Once your page is live, please share the URL with us at marketing@audioquest.com. This allows us to feature your page on our Mythical Creatures landing page and promote it through our marketing channels.

AudioQuest's goal is the same today as it was from the start: Do No Harm! The signal is purest and least damaged at the source. When the source signal is honored and preserved, the listener is rewarded with great sound and music that inspires the soul; the viewer is rewarded with beautiful images and movies that thrill the mind and body.

Speaker Cables • Analog Interconnects • Digital Cables • Streaming Audio • Power Conditioners & Cables

Mythical Creatures

Experience Mythical Creatures

The Mythical Creatures — ThunderBird, FireBird, and Dragon — are AudioQuest's best-sounding, most sonically transparent cables yet, establishing new benchmarks of clarity, realism, and musical pleasure. As one of AudioQuest's select Mythical Creatures partners, we are intimately familiar with the company's values and goals, fluent in its ideas and technologies, and well-equipped to present the full Mythical Creatures Experience in a world-class environment.

Suggested Links: Link Mythical Creatures and/or Thunderbird, FireBird, and Dragon to series filters if available.

Speaker Cables

AudioQuest's Mythical Creatures are simply the most transparent, immersive speaker cables ever made. Employing ZERO-Tech for uncompressed current transfer and RF/ND-Tech for reduced transient intermodulation distortion to the connected power amplifier, these cables enable more of the natural detail, dynamic expression, and thrilling impact that brings music to life.

Analog Interconnects

AudioQuest's Mythical Creatures RCA and XLR interconnects enable more of the nuances that make music so engaging, moving, and human: more fully realized tonal expression, more low-level detail, more natural senses of body, breath, and touch.

Power Conditioners & Cables

With AudioQuest's flagship Niagara 7000 power conditioner and Mythical Creature AC power cables forming a fully optimized Noise-Dissipation System, music lovers can finally experience the clarity, dimensionality, frequency extension, dynamic contrast, and pure grip their A/V systems have been capable of delivering — if only the power had been right.

Speaker Cables
For more than 40 years, AudioQuest speaker cables have set the standard for performance and value.

Image: AQ-FireBird-Interconnect-Cables.jpg

Analog Interconnects
AudioQuest delivers low-noise, low-distortion interconnects for every possible application.

Image: AQ-Thunderbird-HDMI-Cables.jpg

HDMI Cables
Combining superior materials and innovative design, AudioQuest HDMI cables are your tickets to the best seats in the house.

Image: AQ-Cinnamon-Ethernet-Cables.jpg

Ethernet Cables
The “digital copper plumbing” for your home’s network deserves AudioQuest performance.

Image: AQ-Cinnamon-Optical-Cables.jpg

Optical Cables
Optimize the performance of TVs, soundbars, and more with AudioQuest’s high-performance optical cables.

Image: AQ-Cinnamon-USB-Cable.jpg

USB Cables
More than ones and zeroes. Experience naturally beautiful sound with AudioQuest’s low-noise USB cables.

Image: AQ-Irish-Red-Subwoofer-Cable.jpg

Subwoofer Cables
Superior materials and design for every system — from home cinemas to 2.1-channel hi-fi and more.

Image: AQ-FireBird-High-Current-Power-Cable.jpg

Power Cables
Unlock the true potential of your A/V components with AudioQuest's low-noise, low-distortion AC power cables.

Image: AQ-Power-Conditioners.jpg

Power Conditioners
Enjoy improved clarity, dimensionality, and visceral impact with AudioQuest's Niagara and PowerQuest power products.

Image: AQ-Streaming-Audio.jpg

DACs
Beautiful sound is at your fingertips — whenever and wherever you want it — with the multi-award-winning DragonFly.

Image: AQ-Phono-Vinyl-Accessories.jpg

Phono & Vinyl
High-performance phono cables, turntable cables, ground wires, and trusted record-cleaning products for every vinyl enthusiast.

Image: AQ-Adaptors-Connectors.jpg

Adapters & Connectors
Low-noise, low-distortion adaptors, connectors, plugs, and more for every conceivable application and system.

AudioQuest's Do No Harm! Philosophy

The audio/video signal is purest at the source.

Every component and cable in an audio/video system causes distortion, robbing the sound or picture of its ability to inspire and entertain. These aberrations add up like layers of dirty glass between you and the image you are trying to see. Better cables and components cannot improve the signals they carry. Performance can only be improved by minimizing the distortion of the original signal. AudioQuest products are meticulously designed to be like cleaner panes of glass, minimizing alteration or distortion of the original signal.

Image: AQ-Feature-Solid-Conductors.jpg

Solid Conductors

Unlike many cables that use stranded conductors, AudioQuest cables use solid

conductors, which prevent strand-interaction, a significant source of distortion.

Image: AQ-Feature-Directionality.jpg

Direction-Controlled Conductors

A fundamental aspect of AudioQuest's Noise-Dissipation technology, Direction-Controlled Conductors ensure induced noise is dissipated and drained properly.

Image: AQ-Feature-Metal-Quality.jpg

Metal Quality

AudioQuest uses high-purity conductor metals that have smoother surfaces and internal crystal structures to significantly reduce noise and distortion.

Image: AQ-Feature-Noise-Dissipation.jpg

Noise-Dissipation

AudioQuest cables incorporate a hierarchy of materials and technologies designed to efficiently minimize and dissipate radio-frequency noise.
